HTW Acquires Russellville MEP Engineering Firm

Terrell Engineering joins HTW Architect, Engineers, and Planners

RUSSELLVILLE – HTW Architects, Engineers, and Planners has acquired local MEP design firm Terrell Engineering. This acquisition will further enhance HTW's engineering capabilities and client base.

Local projects that have benefited from Terrell Engineering's expertise include the Old Bank Sports Grill (Russellville), Arkansas Smiles Dentistry & Orthodontics (Russellville), Green Bay Packing Arkansas Kraft Division (Morrilton), multiple projects for Covington Properties (Conway), and multiple projects for the Russellville School District (Russellville).

Terrell Engineering's project experience reaches beyond the borders of Arkansas, and they are licensed to practice engineering in Mississippi, Missouri, Oklahoma, Tennessee, Texas, and Indiana.

We are excited to have Terrell Engineering join our team in Russellville. Having a firm with the local expertise and experience that they are bringing to our team is consistent with our goal of being the leading Architecture and MEP engineering firm in the State.

HTW Architects, Engineers, and Planners is an Arkansas-based firm specializing in architecture, engineering, and planning for commercial and industrial markets. We provide our clients with the very best architecture and engineering services in the State of Arkansas; at HTW, We Pursue Excellence.
